

## Preserve Your Precious Memories!

Thank you for purchasing a copy of the 2004 Irmo Elementary School's talent show, "Happy Birthday To Whoooo?" This is the sixth year we have been fortunate enough to bring this evening of entertainment by the students, faculty and staff of the school to you in its entirety. We hope you will enjoy it, and the memories, for many years to come.

**But we don't want it to stop here!** For the first time ever, we invite you to make use of our services for a wide variety of memorable occasions.

We can take your photos, video clips, 8mm film, and bring it all together with music and voice over to create a once-in-a-lifetime gift that keeps giving long after the event is over. Programs can be delivered in a wide range of formats including DVD, VHS Video, menu driven CDROMs, Powerpoint presentations, or Video Cds. All this at prices that are very reasonable. Don't let those valuable memories deteriorate. It won't be long until your old home movies literally become faded memories...if you can find a way to view them as technology advances into the digital age.

## About Us

GMS Productions was founded by Gerry Gallagher in 1995 after fifteen years in sales and marketing management.

Although originally formed to specialize in business presentations, corporate video production, and meeting planning, the company has continued to develop its capabilities to include website design, multimedia tool creation, digital transfers, format conversions and media restoration.

Because we are small and everything is done in-house, we are able to offer a wide variety of quality services at a fraction of the cost of our larger competitors!
